INTER-PROJECT REPORT

Date: 14th September, 2021

Place: Faculty for Civil Engineering, University of Montenegro

Participants: Goran Sekulić, UCG and Marija Vugdelić, UDG

Goran Sekulić, PhD, full professor at University of Montenegro, member of project team of SWORD project, presented the project itself, consortium as well as the main objectives of project.

Wider objective of the project is: Education of experts for water resources management in the Western Balkans (WB) in line with the national and EU policies.

Specific objectives of the projects are:

- To improve the level of competencies and skills in HEI's by developing new and innovative master programs in the field of water resources management (WRM) in line with the Bologna requirements and national accreditation standards
- To design and implement seven new and up-to-date laboratories in WB partner HEIs in cooperation with EU project partners
- To develop and implement LLL courses for the water sector in line with EU Water Framework Directive
- To strengthen master curricula in water resources management for the Western Balkans HEIs and stakeholders

Prof. Sekulić presented all details about the implementation of project activities.

Marija Vugdelić, PhD, assistant professor, presented Erasmus + project ECOBIAS, its main goals and objectives, achieved results as well as plans for future. She informed prof. Sekulić, about the accreditation of LLL courses at UDG, as well as about the plans for their realization.

Participants conclude that these two project have similar structure in that they involved the accreditation of masters and LLL courses in disciplines related to waters as well as that they are focused on establishment of laboratories, capacity building and transfer of knowledge which represent a great base for future cooperation.

Since the project's topics are related and have similar target groups (water management and protection institutions), the meeting participants have agreed to stay in touch and explore potential ideas for future cooperation and projects.
