10.09.2021.

CONCLUSIONS

The training went well. The participants were very satisfied with the knowledge and skills they have acquired. Participants significantly improved the level of their knowledge, skills and competencies, thus the main goal of the training was achieved. The discussion during training were very useful and productive. The lecture was inspiring, while the participants were very motivated and hard-working. This training opened a lot of opportunities for sharing ideas, practices and represents perfect framework for future cooperation between partner institution.
