LIST OF ABBREVIATIONS

IUT P 7- International University of Travnik

Purpose, objectives and elements of event

The round table entitled "Remediation of the Lašva riverbed in the urban zone of Travnik as a contribution to the planning of green areas" aimed primarily to introduce participants and especially stakeholder representatives to the Ecobias project, to present the state of water resources in the Western Balkans. The knowledge of researchers and experts from different disciplines is essential for solving problems caused by pollution and for the protection of

natural ecosystems. Ecoremediation technologies, including physical, chemical and biological methods, are very important for problem solving the environment of healthy living. By choosing the right technology it is necessary to ensure effective solutions to environmental problems.

LIST OF PARTICIPANTS

In total 15 participants.

Participants from International University of Travnik: Nedžada Tolja, Ermedin Halilbegović, Mahira Balihodžić, Asima Mehmedović, Harun Porča, Dijana Lukić, Lejla Karzić, Nermina Šabanović, Mirano Jupić, Aida Varupa, Selma Dogan, Krsto Mijanović, Selma Otuzbir-Mecan, Zlatko Mecan.

Date of the 1st day

11/06/2022

The round table was organized by the International University of Travnik in Travnik as part of the European Union project ECOBIAS (Development of master curricula in ecological monitoring and aquatic bio assessment for Western Balkans HEIs).

The purpose of the round table is to open a discussion between representatives of civil society, local self-government, institutions and the academic community about challenges and opportunities in water management in the service of a sustainable future".

Moderators: Prof. Ph.D. Krsto Mijanović
Aida Varupa, MA
Selma Otuzbir-Mecan, MA

CONCLUSIONS

The round table was attended by 15 participants. Participants were satisfied with the information received and assessed the event as very well organized. Participants learned basic information about the project, and the state of water in general.

**Internacionalni Univerzitet Travnik**

Objavljuje Mecan Zlatko · 11. lipnja ·

U prostorijama Internacionanog univerziteta Travnik održan je Okrugli stol na temu: "Remedijacija korita rijeke Lašve u urbanoj zoni Travnika kao doprinos planiranju zelenih površina". Osnovni cilj okruglog stola, koji je organizovan u sklopu ERASMUS+ projekta Evropske unije "ECOBIAS, bio je otvoriti raspravu između predstavnika civilnog društva, lokalne samouprave, ustanova te akademske zajednice o izazovima i prilikama o upravljanju vodama u službi održive budućnosti.

Several media ensured the visibility of this event to the public through announcements:
