Purpose, objectives and elements of event

The objective of the 2nd Open Day at University of Tuzla was promotion of the new Ecobias master study program, presentation of the new master curricula in ecological monitoring and

aquatic bioassessment. The Open Day objective was to provide an insight into studying at the University of Tuzla, to attract prospective students and to inform wide public about the project activities at UNTZ. New equipment procured for the purpose of conducting education and scientific research was presented.

LIST OF PARTICIPANTS

The Open Day moderators: Prof. Jasmina Kamberović, Prof. Avdul Adrović

Participants: Isat Skenderović (PMF - UNTZ), Mehdin Selimović (Pedagogical Institute), Emina Mušić (student), Samira Huseinović (PMF-UNTZ), Bektić Sanida (PMF - UNTZ), Mirnes Brkić (student), Elvira Hadžiahmetović Jurida (UNTZ), Ikinić Amra (student), Irina Halilović (student), Samela Selimović (student), Alen Bajrić (PMF-UNTZ), Husejnagić Darja (PMF-UNTZ), Jasmina Kamberović (PMF-UNTZ), Albina Hatunić (student), Adisa Ahmić (PMF-UNTZ), Ibrahimović Alma (student).

Date of the 1st day

24/09/2021

After the participants' registration, Dr Jasmina Kamberović presented the Ecobias Erasmus project and using the presentations gave basic information about the new ECOBIAS master's program *Ecological monitoring and aquatic bioassessment* at UNTZ. Dr Avdul Adrović presented the equipment, including practical work with students. This was followed by a discussion of the participants of the open day on the topic of student expectations.

CONCLUSIONS

Second open day event at UNTZ was organized in the newly equipped laboratory 51 at Faculty of Natural Sciences and Mathematics. 16 participants attended the open day: potential students, colleagues from Pedagogical Institute and professors. In the evaluation, second open day is rated as successful, very informative, and interesting (92% participants' answers rated as extremely helpful). The students' expectations from the new master's program are defined through the desire to learn the techniques of using the new equipment, gaining quality education for future employment.
